

Sponsorship Opportunities

Telford, 6 - 7 December 2017

The 2017 Low Carbon Networks & Innovation Conference provides an opportunity to explore the key learnings from electricity and gas network innovation projects. The programme will provide unparalleled networking opportunities in addition to project focused presentations and workshops.

Taking place at The International Centre Telford, the LCNI Conference will be held on 6-7 December 2017.

The conference and exhibition will be the UK's must-attend electricity and gas network innovation event for 2017.

2016

The 2016 Low Carbon Networks & Innovation Conference provided an opportunity to explore the learning from electricity and gas network innovation projects, the closure of key large scale projects and the final year of LCN funding. The event took place at Manchester Central on 11-13 October and was co-hosted by Electricity North West.
