

Waste Management

Version 1.0

Introduction

With effect from 1st January 2014 Scottish businesses must comply with the Waste (Scotland) Regulations 2012. The Legislation objective is to ensure that waste is recycled, therefore reducing the amount of residual waste sent to landfill and helping care for our environment.

Waste Management Commitments

As part of our mission to be the Best Event Campus in Europe the SEC are committed to delivering an efficient, balanced and cost effective waste package for all our clients.

As the SEC work towards a goal of zero waste to landfill we continue to investigate how we can implement best industry practice in dealing with waste, the SEC are committed to finding solutions which are competitive and cost effective for our clients while minimising any negative environmental impacts.

The SEC, as part of our Green Policies, are committed to waste reduction, improved recycling rates and compliance with relevant legislation.

The Scottish Event Campus, our Clients, Partners and Suppliers are collectively required to comply with the Waste (Scotland) Regulations Act 2012.

SEC Recycling Facilities

SEC operates the following facilities to maximise the quality and quantity of materials available for recycling;

- Designated external bins located in various locations around the venue for:
 - Cardboard ~ separated and in large quantities
 - Dry Mixed Recyclates (DMR)
 - Food & Compostable Items
 - Glass
 - Metal
 - Wood
- Waste Management Equipment which includes:
 - Cardboard Bailer
 - DMR 35yd3 Compactor
 - Additional 35yd3 Compactor

SEC Responsibilities

The SEC is responsible for all public waste* during your event. We offer visitors the facilities to separate their waste through the following streams;

- Dry Mixed Recyclates (DMR)
- Food (Biodegradable)
- General Waste (Landfill)

*Public Waste denotes any waste created by delegates or members of the public attending your event and not exhibitors nor contractors

Client Responsibilities - Event Areas

It is the responsibility of the client to ensure, before the end of the hire period, the removal and clearance of all structures, goods and waste, including any other materials that have been used during this time.

This will include anything brought onto site or generated by the you or on behalf of your contractors and exhibitors. You are requested to return the venue to us clean, in good condition and clear of any debris. Should there be any items left within the venue associated with your event after you leave, we will recharge the cost of removal to you.

The SEC support your event by providing a recycling facility where your contractors/exhibitors can sort and dispose of this waste into the following streams:

- Cardboard
- Dry Mixed Recyclates (DMR)
- General Waste (Landfill)

The SEC also offers opportunities for disposal of other items via a Skip Hire Service, these services require 7 days' notice and can be ordered through your Event Manager. To assist us in finding the best solution to disposing of your waste please supply all relevant details when requesting this service.

All charges related to items left at the end of client's tenancy period will be passed directly to client.
